**Publication 5478 (R0618)**
OVERVIEW

The Division of Wildlife (DOW) conducts controlled hunts on several areas around the state for opportunities to hunt or trap various species including deer, waterfowl, turkey, doves, and more. These hunts are made available through three different drawing methods: online (●), pre-season in-person (▼) drawings, and day-of in-person drawings (■).

To apply for hunts drawn online (●) through the licensing system: Visit https://oh-web.s3licensing.com/Home and navigate to the license sales system and select lotteries. To be eligible to apply all applicants (adult and youth) must possess a current hunting license. The application period is June 1 through July 31. Computer generated random drawings are held in early August. Independent drawings will be held for each area and each hunt date. A $3 application fee is collected for each hunt and application fees are non-refundable. Applications may not be faxed or emailed. Hunters may apply for each hunt once annually. A person who applies more than once per event area risks disqualification and forfeiture of the application fee. Applicants can view the status of their application by visiting the Wild Ohio Customer Care Center at wildohio.gov (click on “Manage Your Customer Account” and follow the prompts). Successful applicants will receive notification in the mail in August. Notifications will include instructions to obtain the permit and the rules and conditions sheet for the hunt in which he or she has been selected. You may hunt in each controlled hunt event drawn online once per season as either the permittee or a partner. Failure to follow these controlled hunt rules and conditions could result in dismissal from the hunt, in addition to criminal charges pursuant OAC 1501:31-9-01(u).

To apply for pre-season in-person (▼) or day-of in-person (■) drawings see the information listed for each event in this publication including the date and locations the drawings will be held. You must be present at the location the day of each drawing to participate. To be eligible to apply all applicants (adult and youth) must be properly licensed to hunt the species for which the hunt is being held (i.e. possess a current hunting license, any necessary permits, stamps, or certifications such as HIP). Pre-season in-person (▼) drawings are typically held immediately before the season starts and permits are drawn for a future date and time to participate. Day-of in-person (■) drawings are held the day of the hunt immediately before the hunt. Applicants must arrive at day-of in-person drawings prepared to hunt that day.
WHITE-TAILED DEER HUNTS

Unless otherwise noted, hunters are limited to a deer of either-sex and no more than a total of six deer may be taken in a single year at DOW controlled hunt events. Antlerless deer harvested during controlled hunts do not count against the county bag limit. Regardless of method of take, season, or hunt, all hunters are limited to a single buck per season. This includes controlled hunts. All statewide tagging and harvest reporting requirements apply during DOW controlled hunt events. Unless otherwise noted, the adult hunts listed below are partner hunts and unless noted, one hunter may harvest a deer of either sex, the other is limited to an antlerless deer. Hunters must decide before the hunt, who will attempt to fill the either-sex permit. Hunters may use either the $15 antlerless or $24 either-sex permit. The $15 antlerless permits may be used in all DOW controlled hunts even if the controlled hunt is outside of the effective date of use listed on the $15 antlerless permit. However, the $15 permits will only be available to purchase through the Sunday following Thanksgiving Day. At least one of the hunters must be 18 years or older. In the case of the NASA hunts, if one of the hunters is under the age of 18, the other hunter must be 21 years or older.

YOUTH & MENTORED HUNTS

The DOW is also pleased to offer several youth hunting opportunities. Eligibility requirements vary by hunt type, so it is important that you carefully review the requirements of the hunt you are applying for. To be eligible to participate in a youth deer hunt or mentored waterfowl hunt, you must be under 18 years of age at the time of application. For all other youth waterfowl events, you must be under 18 years of age at the time of hunting. Youth deer and waterfowl hunters must be accompanied by a non-hunting attendant. The attendant must possess a current hunting license and deer permit.

MOBILITY IMPAIRED HUNTS

The DOW offers several hunts for mobility-impaired hunters. These are NOT partner hunts, unless noted otherwise. In the case of partner hunts, partners do not have to be mobility impaired. Mobility-impaired hunters must be accompanied by a non-hunting attendant. The attendant must possess a current hunting license and deer permit.

A mobility impaired person is any person, regardless of age, who is subject to a physiological defect or deficiency regardless of its cause, nature, or extent that renders the person unable to move about without the aid of crutches, a wheelchair, or any other form of support, or that limits the person’s functional ability to ambulate, climb, descend, sit, rise, or perform any related function.

WATERFOWL HUNTS

Controlled waterfowl hunts are designed to provide access and opportunity on a limited basis to listed areas. Harvest is not guaranteed on any controlled waterfowl hunting opportunity; however, these hunts do provide access and possible benefits over open public hunting areas. Since online and preseason drawings are completed before the season and successful applicants are notified of their hunting date in advance, hunters can plan to hunt on the date for which they are drawn. Since the number of hunters in an area on any certain date is controlled, hunters can enjoy areas that may be less crowded than open public areas and are guaranteed a spot to hunt on the date for which they are drawn. These areas are not hunted seven days a week so disturbance may be reduced compared to open public hunting areas, which may increase the opportunity to see and potentially harvest waterfowl. All successful applicants are limited to bringing 25 non-toxic shells per hunter, per day. This limitation is put in place to encourage hunters to take sensible shots and to further limit disturbance. Mentored hunts are generally held the opening day of waterfowl season in each zone. Youth weekend is typically late September or early October. Unless otherwise noted, hunts will be limited to two hunters for a one-day hunt.
CAMP RAVENNA JMTC DEER SHOTGUN HUNT
Drawing Type: • Online
Event Dates: Oct. 27 / Nov. 24 • 2018
Contact: Wildlife District 3 ✆ 330-644-2293
County: Portage  Applicant: Adults
Implement: Shotgun
Details: This is a partner hunt. Each hunter may harvest two deer. Only the permittee may harvest an antlered deer during either sex hunts. The permittee and the partner will be limited to antlerless deer during the antlerless-only hunts. No muzzleloaders, handguns, or pistol caliber rifles will be permitted. The Department of Defense charges a $5 administrative fee to each participant. Military readiness could change at any time and cause unforeseen cancellations of deer hunts with little or no notice. Cancelled hunts will be rescheduled the following year and those hunters affected will receive permits without making application.

CAMP RAVENNA JMTC DEER SHOTGUN HUNT FOR MOBILITY IMPAIRED
Drawing Type: • Pre-season email only
Drawing Date: Oct. 24 / Nov. 10 • 2018
Drawing Time: To be determined

Contact: Wildlife District 3 ✆ 330-644-2293
County: Portage  Applicant: Mobility Impaired
Implement: Shotgun
Details: Apply by email at ravennahunt@outlook.com by September 28, 2018. There is no application fee and no need to submit proof of disability or mobility impairment at the time of application. We will contact each winning applicant by October 26, 2018 to inquire about their specific needs so that we can best accommodate them regardless of their degree of mobility. Mobility impaired hunters are required to bring a non-hunting partner to assist with deer retrieval and field dressing. Two deer may be harvested. Permittee may bring one non-hunting partner to assist them while on site. Two qualified hunters will be drawn for each hunt (six total for the three 2018 hunts). Applicants not selected will not be notified.

WILD TURKEY HUNTING

It is unlawful to hunt or take wild turkeys with the aid or use of bait. An area is considered baited for 10 days after the complete removal of any bait.

It is unlawful to use a live decoy while hunting wild turkeys.

It is unlawful to possess or use an electronic calling device while hunting wild turkeys.

It is unlawful to take or attempt to take a wild turkey while it is in a tree.

It is unlawful to possess more than one hunting implement while turkey hunting.

A successful wild turkey hunter can aid or assist another hunter who is hunting wild turkeys if the turkey permit has been filled in, he or she does not carry any hunting implement commonly used to kill wild animals, and has a valid hunting license. Those persons exempted from having a hunting license and wild turkey permits for turkey hunting on their property are required to have a hunting license and turkey permit to aid another hunter off of their property or hunt turkey off of their property.

TURKEY TAGGING AND CHECKING
Hunters who kill a turkey must immediately:

■ Make a game tag with the hunter’s name, date, time, and county of kill.
■ Attach the completed game tag to the wild turkey at the place where it fell.
■ Fill in the wild turkey permit with the date, time, and county of kill.
■ The hunter must complete the game check and tagging process by 11:30 p.m. on the day of the kill.
TRAPPING REGULATIONS

- Except for river otters, there are no restrictions on bag limits.
- All traps and snares must be checked and all animals removed once every calendar day.
- All foothold or foot-encapsulating traps set on land must have at least two swiveling points.
- Foothold traps set on land must be covered.
- Foothold traps that are submerged may not have an inside jaw spread greater than 8-1/4 inches.
- Deadfalls are illegal.
- Foothold traps set on land shall not have an inside jaw spread greater than 5-3/8 inches, except foothold traps greater than 5-3/8 inches but 6 inches or less may be utilized provided they have a minimum of three swiveling points and the gripping surface is 5/16 inch or greater.
- Except for cage traps, no traps or snares may be set within 150 feet of another person’s occupied residence without advising the resident.
- Body-gripping traps set on land, or in a tile, den, or burrow on land shall not have an inside diameter jaw spread greater than 5 inches in diameter.
- Body-gripping traps with an inside diameter jaw spread greater than 5 inches, but less than or equal to 7 inches must be set in a natural body of water.
- Body-gripping traps with an inside jaw spread greater than 7 inches must be completely submerged and may only be utilized during the beaver or river otter season.
- All furbearers shall be killed immediately and reduced to the person’s possession, or released immediately at the capture site.
- No person shall disturb a legally set trap or snare or remove a furbearing animal from a trap or snare of another person without permission.
- All flesh baits must be totally covered.
- Traps with teeth in the gripping surface are prohibited.
