Regulations

Either an OH or PA fishing license may be used when fishing from a boat; however, a PA fishing license is required to take fish, frogs, or turtles from the shore of the PA side or from any island. Walleye, largemouth bass, smallmouth bass, and muskellunge cannot be filleted before the angler has completed fishing. Fish may be taken only by angling, except carp and suckers may be taken with longbow and arrow or spears. Special regulations apply to frogs, turtles, tadpoles, minnows, and ice fishing - see the OH and PA regulations for specific information.

Contours and depths shown on this map may change with fluctuating lake levels and alteration of the lake bottom. This map is not suitable for navigation. Depths based on normal summer pool elevation of 1008 ft.

Map displayed with graticules using UTM NAD 83 Zone 17 projection. Contour intervals are in 3 ft increments.

Reservoir last surveyed: 2008

Your purchase of fishing equipment and motor boat fuels supports sport fish restoration and boating access facilities.
