Program Description

The Division of Wildlife brings staff and volunteer specialists to provide a comprehensive training and experience utilizing the award winning Project WILD curriculum supplement. Participants will receive Project WILD Activity Guides, several other support publications, and a wealth of other resources. The focus will be on how to use Project WILD within the classroom and existing curriculum and programs.

Program Goals

1. Become knowledgeable about Project WILD and its role within current education priorities
2. Build support systems for Project WILD implementation
3. Increase awareness and knowledge about Ohio wildlife and the environment
4. Explore ways to put Project WILD into action
