

Cross-Stitch of Old Woman Creek (Friends of Old Woman Creek, Inc.).

11. ACKNOWLEDGMENTS

When beginning this Site Profile, the authors proposed to create a document that was both readable by the layman and usable by the scientist. How well we succeeded in this goal can only be determined by the reader.

The preparation of this document was a major undertaking and the authors would like to acknowledge the contributions of our colleagues and the funding provided by the U.S. Department of Commerce, NOAA, Estuarine Reserves Division through several of the Old Woman Creek Operations Grants that helped defray some of the costs of preparation and printing of this Site Profile.

The authors would like to thank Drs. Ken Krieger, Dave Millie, and Bob Whyte for valuable discussions during the preparation of this Site Profile and for reviewing earlier drafts of selected chapters. The authors would also like to thank Dr. Brian Redmond, Glen Bernhardt, Dave Braun, Don Guy, Nate Fuller, and E. Mac Swinford for technical reviews of selected chapters. Our appreciation for the detailed review of the penultimate draft goes to Drs. Douglas Bulthuis, Maurice Crawford, Scott Phipps, and Bob Whyte, and especially to Gloria Pasternak.

The staff of Old Woman Creek State Nature Preserve and National Estuarine Research Reserve, both past and present, have been very supportive of our efforts in preparing this document and its associated appendices.

Finally, the authors received assistance in various ways from many individuals and groups and we would like to formally thank them here:

Glen E. Bernhardt, Science Dept., Norwalk School System – Vertebrate fauna; watershed vegetation; photographs

Marjorie Bernhardt, Div. Natural Areas & Preserves, Ohio Dept. Natural Resources – Literature acquisition

Dave Braun, Erie County Soil and Water District – Land use and soils

Scott Brockman, Div. Geological Survey, Ohio Dept. Natural Resources – Bedrock geology & topography

Annette Burgess, Office of Strategic Research, Ohio Dept. Development – Population estimates

William Burk, Biological Library, University of North Carolina – Plant taxonomy; mycology

Ted M. Cavender, Dept. Zoology & Mus. Biol. Diversity, Ohio State University – Fish habitat; fishery archaeology

Wayne E. Channel, Div. Real Estate & Land Management, Ohio Dept. Natural Resources – Environmental maps

Michael J. Colvin, Div. Real Estate & Land Management, Ohio Dept. Natural Resources – Coastal management

Paul S. Cowl, Carroll County, Maryland – Agricultural practices

Allison W. Cusick, Div. Natural Areas & Preserves, Ohio Dept. Natural Resources – Plant nomenclature & taxonomy

David Daves, Div. Wildlife, Ohio Dept. Natural Resources – Fishery survey data

Jean-Marc Duplantier, Newberry Library, Chicago, Illinois – Historical references

Vernon Edwards, Shoreline Contractors, Inc., Lakewood, Ohio – Lake Erie shoreline processes & protection

John D. Farschman, Erie Co. Engineers Office, Sandusky, Ohio – Topographic maps

Linda Feix, Div. Natural Areas & Preserves, Ohio Dept. Natural Resources – Plant & bird lists; photographs

Jane L. Forsyth, Dept. Geology, Bowling Green State University – Glacial geology; glacial lake stages

Jonathan A. Fuller, Div. Geological Survey, Ohio Dept. Natural Resources – Aerial photographs of shoreline

John J. Furlow, Plant Biology Herbarium, Ohio State University – Historic records of watershed vegetation

Ralph J. Garono, Texas Natural Resources Conservation Commission – Terrestrial invertebrates

Timothy D. Gerber, Div. Soil & Water Conservation, Ohio Dept. Natural Resources – Soil survey

Bruce Gerke, Div. Geological Survey, Ohio Dept. Natural Resources – Soil map

Stephen W. Goodwin, Div. Natural Areas & Preserves, Ohio Dept. Natural Resources – Flora database

Jonathan R. Granville, Erie MetroParks, Erie County, Ohio – Access to Berea Escarpment & Hoffman Forest

Robert J. Hartle, Lorain County MetroParks, Lagrange, Ohio – Access to natural areas

Robert Heath, Water Resources Center, Kent State University – Water quality; microflora

- Terry M. Hume, New Zealand National Institute for Water & Atmosphere – Varve analysis; estuary morphometry
- Floren V. James, University Extension, Ohio State University – Land use & soils
- Douglas Johnson, Div. Wildlife, Ohio Dept. Natural Resources – Fishery survey data
- Patricia Jones, Div. Natural Areas & Preserves, Ohio Dept. Natural Resources – Endangered & threatened plants
- John T. Kartesz, Biota North America Program, University of North Carolina – Plant taxonomy & synonymy
- Doug Keller, City of Sandusky - Water quality data
- Timothy C. King, Erie Regional Planning Commission, Erie Co. Dept. Planning & Development – Census data
- Kenneth Krieger, Water Quality Laboratory, Heidelberg University – Invertebrate fauna; water quality; photographs
- Peter Lavrentyev, Dept. Biology, University of Akron - Protozoans; photographs
- Mark Link, Div. Natural Areas & Preserves, Ohio Dept. Natural Resources – Research summaries; species database
- Scudder D. Mackey, Div. Geological Survey, Ohio Dept. Natural Resources – Aerial photographs of estuary mouth
- Alex MacNicol, Erie Regional Planning Commission, Erie Co. Dept. Planning & Development – Development data
- John H. Marshall, Div. Wildlife, Ohio Dept. Natural Resources – Plant survey; endangered & threatened animals
- Ron Marsnic, City of Huron – Water quality data
- Gerald Matisoff, Dept. Geological Sciences, Case Western Reserve University – Groundwater geology; benthos
- James McCormac, Div. Natural Areas & Preserves, Ohio Dept. Natural Resources – Wetland flora
- Gary Obermiller, Div. Natural Areas & Preserves, Ohio Dept. Natural Resources – Upland flora & fauna
- Donald Ott, Dept. Biology, University of Akron – Algae; photographs
- Richard R. Pavey, Div. Geological Survey, Ohio Dept. Natural Resources – Glacial geology
- Avram Primack, Dept. Geography, Miami University – Land cover maps
- Public Libraries: Berlin Heights, Huron, Milan, Sandusky, and Vermilion, Ohio
- Brian Redmond, Cleveland Museum of Natural History – Prehistory archaeology
- Brian C. Reeder, Dept. Biological & Environmental Sci., Morehead State University – Radiocarbon dates
- Jeffrey M. Reutter, Franz Theodore Stone Laboratory, Ohio State University – Student interns
- Mona Rutger, Back to the Wild, Castalia, Ohio – Birds & reptiles life histories
- Randall E. Sanders, Div. Wildlife, Ohio Dept. Natural Resources – Fish taxonomy
- Jeanne A. Schmidlin, Editor’s Office, *Ohio Journal of Science* – Fisheries data
- Greg Schneider, Div. Natural Areas & Preserves, Ohio Dept. Natural Resources – Upland flora
- Thomas Stockdale, School of Natural Resources, Ohio State University – Historic records of watershed vegetation
- David M. Stothers, Archaeology Research Program, University of Toledo – Prehistory archaeology
- Ronald L. Stuckey, Dept. Plant Science, Ohio State University – Aquatic & wetland plants
- Roger F. Thoma, Ohio Environmental Protection Agency – Fishery survey; environmental assessment
- University Libraries: Bowling Green State University and The Ohio State University
- Neil A. Wells, Dept. Geology, Kent State University – Berea Sandstone depositional features
- Terry Wells, Div. Real Estate & Land Management, Ohio Dept. Natural Resources – Environmental maps
- Jennifer L. Windus, Div. Wildlife, Ohio Dept. Natural Resources – Swamp forest survey
- Deborah Woischke, Div. Natural Areas & Preserves, Ohio Dept. Natural Resources – Endangered & threatened plants
- Gene Wright, Div. Natural Areas & Preserves, Ohio Dept. Natural Resources – Plant & bird lists; photographs
- Mark Wroblewski, Erie Co. Engineers Office, Sandusky, Ohio – Township & municipal areas
- Rhian K. Zinsser, Dept. Zoology, Ohio Wesleyan University – Land use planimetry
